

# 18th Congress of the European Society for Agronomy

## Friday, August 30, 2024

**Agro-ecological transitions at the landscape and territorial levels (assessments): carbon cycle - Salle 13 (1st floor) (9:00 AM - 10:30 AM)**

**-Conveners: Juan Nieto Cantero; Elisa Marraccini**

time	[id] title	presenter
9:00 AM	[97] Challenges and opportunities for increasing organic carbon in vineyard soils: perspectives of extension specialists	THIOLLET-SCHOLTUS, Marie
9:15 AM	[307] The carbon footprint of narrow-leaved lupin ( <i>Lupinus angustifolius</i> ) in Germany	Ms SABBOURA, Dima
9:30 AM	[342] The agronomic potential for soil carbon sequestration by cover crops in three European countries	VIDAL MORANT, Marti
9:45 AM	[112] Multi-actor strategy to screen lentil landraces for organic agriculture in Lyon metropolitan area	SAINMONT, Lucile
10:00 AM	[236] Increasing circularity – Impacts of co-product management on soil carbon and greenhouse gas emissions	TOPP, Kairsty
